RE: Federal Regulations concerning the inspection, re-inspection, periodic surveillance, response activities and management planning for our school district.

I am pleased to advise you that Bellville I.S.D. is working hard to maintain compliance with the federal AHERA regulations.

We are currently in the process of re-inspecting and updating the management plan for each of our school campuses as required.

Should you desire to review the management plan for your child's school, a copy of the plan is available in the principal's office.

If you have any questions about the plan or this federally mandated program, please contact me at 979-865-8231.

Sincerely,

Rick Riemer  
Asbestos Designated Person
