

STUDENTS

Self-Administration of Asthma and Anaphylaxis Medications

It is the policy of the Board of Directors that students with asthma or anaphylaxis are afforded the opportunity to self-administer prescribed medications. The students' parent or guardian shall submit a written request and other documentation required by the school. The student's prescribing health care provider must provide a written treatment plan.

The student shall demonstrate competence to possess and self-administer prescribed medications during school and at school-sponsored events to the school's professional registered nurse.

The Superintendent is directed to establish procedures that implement this policy and to develop emergency rescue procedures.
