## Program Application

**OCEAN K-12 (Opportunity, Community, Experience, Academics, Navigation)** depends upon a partnership between students, parents and teacher to develop the optimal educational program for the student. This program serves those students who work best in a home and community-based environment through independent study, and are self-motivated for classes that do not meet daily. In OCEAN, students strive to meet or exceed district academic and graduation requirements. Students enrolled in OCEAN are considered students of the Port Townsend School District. For the 2020-21 School Year OCEAN will operate as a distance learning program. Some very limited in-person support may be available for some students only.

OCEAN K-12 supports the Educational Philosophy of the Port Townsend School District.

OCEAN learning experiences are:

- Supervised, monitored, assessed, and evaluated by certificated staff (weekly contact and monthly review).
- Designed learning experiences planned together with student, parent and teacher.
- Provided via a Written Student Learning Plan (WSLP).
- Provided in whole, or part, outside the regular classroom with parents delivering and supporting instruction at home.

# STUDENT Questionnaire

Please answer these questions after thinking about them carefully.

1. Describe your "style of learning." How do you learn best?
2. Tell us about what you do well. What do you do when you're not in school?
3. List 5 subject areas or topics you are excited about or areas where you want to expand your learning.
4. What academic areas would you like to improve upon?  
As you list each, tell why you want to be better at those skills.
