Purpose and Vision for Staff Growth and Evaluation

In Astoria School District, we believe that a classified evaluation system should have two distinct purposes.

- The primary purpose is to explicitly define what we believe to be knowledge, skills, dispositions, and appropriate practices of effectively working with all children.
- The second, is to provide the ongoing feedback and opportunity for reflective practice that will provide professional growth and development to strengthen knowledge, skills, dispositions, and practices in our staff, providing our students with the best experiences possible.

ASD Performance Evaluation Levels

All classified in the Astoria School District will be evaluated annually. Staff will be evaluated individually using the rubric. The Framework uses four domains as the focus of professional growth.
