2020–2021 SHRSD Goals:

Goal 1: Build continued understanding, commitment, and ownership of the implementation of Social Emotional Learning (SEL) competencies to support mental and emotional well-being.

Goal 2: Extend and expand strategies used to differentiate for all students' academic needs.

2020–2021 SHRSD Goals (continued):

Goal 3: Implement strategies for a more seamless transition between grades, from elementary to middle school, middle school to high school, and high school to college/career.

Goal 4: Identifying and removing institutional barriers, and creating access and opportunities to foster the success of our students. Promote equality of educational opportunities and reduce the disparity of results between diverse groups of students.

Goal 5: Create an actionable plan to develop a bond referendum to address building infrastructure, security, and health & safety needs.
