

# bartlett pears

**THE BARTLETT PEAR, OR WILLIAMS PEAR, WAS DISCOVERED  
ORIGINALLY IN 1765 BY A SCHOOLMASTER IN ENGLAND NAMED  
MR. STAIR, THE BARTLETT WAS FIRST REFERRED TO AS STAIR'S  
PEAR. IT CARRIES A TRUE PYRIFORM "PEAR SHAPE." THEY ARE  
EXTREMELY AROMATIC PEARS, AND HAVE THAT DEFINITIVE "PEAR  
FLAVOR."**
