Dear Kindergarten Parents/Guardians:

Your child will soon enter Kindergarten at Brookwood Elementary School. To ensure that you are well informed about our program, we will present an orientation session for our new Kindergarten children and their Parent/Guardians on Thursday, September 1, 2022 from 10:00 until 11:00 a.m.

The purpose for the orientation is to familiarize your child with the school and to feel more at ease about the start of school. No other students will be present during this time.

Our orientation program will:

- Familiarize your child with the physical set-up of his/her classroom
- Reduce "first day" anxieties of students and parents
- Address any question or concerns you may have

Please plan to attend this orientation. Participation in this activity is a vital first step in your child's school career. School begins Tuesday, September 6, 2022.

See you soon!

Jacqueline Cubberly

And The Kindergarten Staff
