Acceptable Use Policy (Policy 4.406)

Parent/Guardian Permissions

Parent/guardian permission is required for students under the age of eighteen to participate in some school related activities. Please review the explanations of each of the permissions listed. A *Student Acceptable Use of Network and Electronic Media Agreement/Parent/Guardian Permissions Form* is embedded within this handbook and will serve to grant or deny permissions in each of these areas. Unless the parent follows the specified procedure below, the choice will be recorded as a Yes.

If you wish to disallow the below mentioned areas in part or in whole, please log in to the Parent Portal here: <http://bit.ly/MMSDParentPortal> and update the "AUP/Email/Media/EduApps Form" within the first two weeks of the school year. If you need assistance with this, please reach out to the school your child attends.

A. Student Acceptable Use and Independent Internet Access

We are pleased to offer students of Millington Municipal Schools access to district electronic resources. Our goal in providing this service is to promote educational excellence in our system by facilitating resource sharing, innovation, and communication. Electronic resources provide students with access to vast amounts of information and numerous opportunities for communication to enhance their educational experience.

Our intent is to make Internet access available to further educational goals and objectives. However, parents/guardians should be warned that if students disregard the guidelines of the school and/or system, they may find ways to access materials via the Internet which may contain items that are illegal, defamatory, inaccurate, or potentially offensive to some people. We believe that the benefits to students from access to the Internet, in the form of information resources and opportunities for collaboration, exceed any disadvantages.

Ultimately, parents and guardians of minors are responsible for setting and conveying the standards that their children should follow when using media and information sources. To that end, Millington Municipal Schools support and respect each family's right to decide whether or not to approve independent internet access and communication. **In accordance with MMSD Policy #4.406 and to gain independent access to the Internet, all students under the age of 18 must obtain parental/guardian permission and must sign and return the *Student Agreement Form - Acceptable Use of Network and Electronic Media (Parent/Guardian Permission Form)* to the Principal or designee. Students over 18 may sign their own forms.**

Student Responsibilities

Electronic resources are provided for students to enhance the learning experience. Access to services is given to students who agree to act in a responsible manner. Parent/guardian permission is required for independent access. Student use must be consistent with the educational objectives of Millington Municipal Schools.

Students are responsible for good behavior on school computer networks just as they are in a classroom or school hallway. Communications on the network are often public in nature. General school rules for behavior and communications apply to all such communications.

If a student observes any illegal activities or misuse of the network, he/she shall report these activities to their supervising teacher.

Computer, network, and cloud storage areas will be treated like school lockers. Network and/or school administrators and teachers may review files, bookmarks, and communications under the same standards set for school lockers to insure integrity of electronic media. Privacy is not guaranteed for files stored on District computers, servers, or in the cloud, nor will they be maintained indefinitely.

Declaration of Student

As a student user of Millington Municipal Schools' electronic resources, I hereby agree to comply with the rules as outlined in the Student Acceptable Use of Network and Electronic Media Agreement and to communicate over the network in an appropriate fashion while honoring all relevant laws and restrictions. I also agree that if I observe any illegal activities or misuse of the network, I will report those activities to my supervising teacher.

School and Parent Responsibility

Within reason, freedom of speech and access to information will be honored. During school, teachers will guide students toward appropriate materials. Outside of school and with independent access, parents/guardians bear the same responsibility for such guidance as they exercise with information sources such as television, telephones, movies, social media, and other potentially offensive media.

Schools will insure that procedures for access and standards of conduct regarding Internet use are communicated to students through appropriate instruction on Internet Safety. It is presumed that students given access will comply with District standards and will honor the agreements they have signed. The District cannot be responsible for ideas and concepts that a student may gain by his or her inappropriate use of the Internet.

Declaration of Parent

As the parent or legal guardian of the minor student or as a student 18 years of age or older, I have read this handbook and I grant permissions for this student in the following areas:

- A. This student has permission to independently access the Internet (3rd grade and older).

- C. Millington Schools has permission to allow unrestricted media coverage of this student.
- D. Millington Municipal Schools has permission to publish directory information as defined under Family Educational Rights and Privacy Act (FERPA)**

I understand that some objectionable materials may be accessed even with District content filtering in place. I understand that individuals and families may be held liable for violations. I will accept responsibility for guidance of Internet use by setting and conveying standards for my son/daughter to follow when exploring on-line information and media on an independent basis. Millington Municipal Schools cannot be responsible for ideas and concepts that my child may gain by his or her inappropriate use of the Internet.

I understand and accept the conditions stated and agree to release, indemnify, and hold harmless, the City of Millington, the Millington Schools Board of Education, and/or their employees or agents from any and all claims and liability associated with or arising from the above student's independent use and/or access to the Internet.

If you, the parent or guardian, wish to disallow the below mentioned areas in part or in whole, please log in to the Parent Portal here: <http://bit.ly/MMSDParentPortal> and update the "AUP/Email/Media/EduApps Form" within the first two weeks of the school year.
